

HOW TO DONATE SECURITIES TO
The 21st Century Campaign
INDIAN RIVER MEDICAL CENTER FOUNDATION

Donating stocks or bonds to the Indian River Medical Center Foundation is simple.

When securities are held in an account at a brokerage firm or a bank, they may be transferred electronically. The Foundation has accounts with State Street Bank & Trust for receiving gifts of securities.

It is State Street's policy not to accept security transfers without prior notification. Please call in advance advising them that the securities are forthcoming. Also, please notify the Foundation office as soon as you have initiated your stock transfer transaction. Oftentimes stocks are transferred through a clearinghouse and the donor's name is inadvertently omitted.

If you hold the security certificates yourself, please contact the Foundation office directly for instructions.

The information required to electronically transfer securities is as follows:
