

The Foundation is dedicated to the support of Indian River Medical Center

## MESSAGE from the Executive Director

Welcome to our 2010 Donor Thank You edition of *Advocate*. We are happy to report that important new milestones were met this year. Thanks to you, we've flown past the 1500 mark for Eagle Society member households and now exceeded the \$45 million milestone for our \$50 million campaign currently underway to complete the IRMC master facility plan that has already funded the new ER and The Heart Center.

Jan Donlan

General surgeons, vascular surgeons and the heart team continually urge the Foundation to do everything in its power to secure the funds needed to move forward with the Surgical Intensive Care Unit and Recovery Room components of the campaign. We assure them regularly that this is the Foundation's highest priority and, as such, pass that request along to you, our supporters.

Special thanks to those who have already supported *The 21st Century Campaign for Indian River Medical Center*. If you do not see your name listed among the campaign supporters, please remember this list only includes donors making gifts up through September 30, 2010 as does the annual Registry of Benefactors sent to you at Thanksgiving. If you have not yet given and would like more information, please call the Foundation at 772.226.4960. We would be honored to have your support and include you on the temporary version of the campaign donor wall being installed in January.

We hope you will enjoy meeting a number of people in this issue who are key to the Foundation's success. They range from volunteer leaders, like Chairman Jack Rogers, to medical staff leaders and Patient Advocates, all of whom express their collective gratitude for what you, our donors, make possible for everyone in this community through your philanthropy.

We sadly note leaders of the Foundation who were lost in the last year, in particular, former Chairman John R. Kennedy, board member Richard Caldwell and Advisory Council members Jeremy Callahan and Carl Nichols. Each made exceptional contributions to the Foundation and they are all greatly missed.

You'll find more information about the Foundation on our website [www.irmcfoundation.org](http://www.irmcfoundation.org) as well as [www.irmc.cc](http://www.irmc.cc), the medical center's site. We hope you will visit often.

## Patient Advocates Dedicated to Making Life Easier for our Patients and their Families

Six years ago the Board of Directors of the Foundation made a bold move to create and fund a program unique to Indian River Medical Center by authorizing the creation of the Patient Advocate program. The concept was that Patient Advocates would serve as liaisons between patients and healthcare providers, helping patients and their families with non-clinical needs and assisting with transfer of information.

As great programs often do, the Patient Advocates started small with limited hours of coverage. Quickly everyone who interacted with the advocates was singing their praises—patients, families, nurses and physicians. It became apparent within the program's first two years that the services of the Patient Advocates were needed 24/7 and the Foundation Board committed to expanding the program.

The most common comment heard by Foundation Executive

Eric Carter, M.D., medical director of Emergency Services with Patient Advocates in IRMC's ER. From left: Kim Matul, Judi Roberts, Toni Marren, Aleta Glynn and Kathy Berg; not shown: Leslie Barner, Janis Berg and Amy Quenan

*"If you've never been to the IRMC Emergency Room then you cannot truly appreciate the difference the Patient Advocates make. Any injury or illness that results in an ER visit can be a very frightening event. All of the Patient Advocates provide the comfort and assurance that you are not alone throughout your visit to the ER at IRMC."*

Eric Carter, M.D.

Director Jan Donlan from ER staff is, "we couldn't live without the Patient Advocates . . . they make our busy lives so much more manageable. When patients and their families realize that the Patient Advocate program is fully funded by the Foundation, I often get calls, emails and letters

thanking us for this extraordinary service."

The toughest moments in a Patient Advocate's day occur during a crisis. "Codes and car accidents can take hours to resolve," says Manager Aleta Glynn. "We're with families when a doctor breaks bad news.

We accompany people to the morgue. We call family members. One of our advocates sat with a woman while her husband was treated. When the advocate said, 'I'm sorry I didn't meet you under different circumstances,' the woman replied, 'but I needed you now.'"

To learn more about our Patient Advocates visit the IRMC Foundation Web site at [www.irmcfoundation.org](http://www.irmcfoundation.org)

Patient Advocate Aleta Glynn comforts patient in IRMC ER while nurse Donna Galanto explains a diagnosis

## A Legacy of Caring...A Tradition of Sharing

This past September the Foundation added the final embellishment to the recently renovated IRMC Main Lobby, a beautiful new donor recognition wall of honor that has quickly become the focal point of the entire lobby. The photo at left shows fabricators installing components of the system. The new larger system is flexible and allows for updates to accommodate recognition for cumulative giving. Please do stop by to see this wonderful tribute.

## Making A Difference at IRMC Donor Highlights

### Answer to Cancer

Answer to Cancer organizers Carole and Don Casey (left) and Carole and Bob Plante (right) present a check for \$32,975, the proceeds from the organization's annual golf tournament, to Jan Donlan, center. These generous volunteers and hundreds of their closest Grand Harbor friends have raised significant funds over the past four years to invest in patient care improvements in the IRMC Cancer Center. Look for a beautifully renovated waiting area in the Cancer Center, thanks to Answer to Cancer, coming soon.

### Jack and Casilda Daly Estate

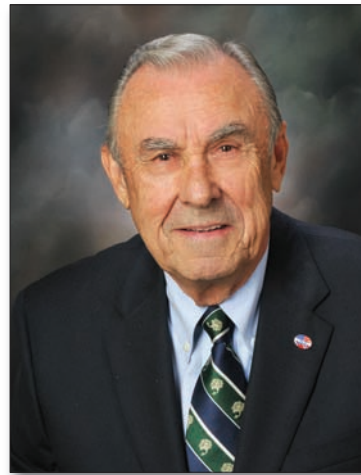

US Trust executives Bonney Johnson, left, and Mark Parker, right, present a check for \$147,757 to Jan Donlan from the estate of Jack and Casilda Daly, long time supporters of the Foundation and members of *The Eagle Society* for nearly 20 years. Mr. Daly passed away in 2001 and Mrs. Daly in December 2009. Their generous estate gift continues their legacy of support. The Daly children shared that their parents chose to include IRMC in their estate plans, because of the excellent care received over the years at the medical center.

The late Jack and Casilda Daly

## Who's On Board Meet the IRMC Foundation Chairman C. B. "JACK" ROGERS, JR.

C. B. "Jack" Rogers, Jr. was elected Chairman of Indian River Medical Center Foundation Board of Directors in December 2009. Jack began his service on the Board in March 2007, crediting IRMC President and CEO Jeffrey Susi's vision for the future as his motivation to first get involved. It was his own personal experience at IRMC and that of his late wife Sally that inspired him to take on this new role as Chairman with both passion and commitment.

C. B. "Jack" Rogers, Jr.  
Chairman, IRMC Foundation

In our community, Jack is regarded as a leader among leaders. His professional experience includes serving as Chairman and CEO of Equifax, a post he held after retiring as Senior Vice President and member of IBM's Executive Committee. His 33-year career with IBM included posts as Senior Vice President and Group Executive of its U.S. Marketing and Services Operation and President of IBM's General Systems Division. He has held board positions at such firms as Sears Roebuck and Company, MCI, Teleport Communications Group, Morgan Stanley, Oxford Industries, Briggs and Stratton and Choice Point. After the bankruptcy filing of WorldCom in 2002, he was asked to serve as one of three post bankruptcy directors, helping to bring WorldCom

out of bankruptcy in record time. When asked about his decision to become Foundation Chairman, he responded, "The more I became involved, the more I realized we have the potential to be an outstanding medical facility, and we are realizing that potential day by day." Because of Sally's illness Jack has had experience with a variety of hospitals, including renowned cancer centers, academic institutions and large urban hospitals. "But not one matched the care and compassion

that Sally received at IRMC."

Jack is committed to doing everything he can to help IRMC achieve its transformation from an excellent community hospital to a superior medical center. He is quick to give credit to his predecessors over the last ten years—Foundation Chairs Rick McDermott, Helen Post, Allen Jones and Jack Kennedy—for raising funds needed for a new top-flight Emergency Services Pavilion and Heart Center.

Anyone who asks will quickly learn that Jack Rogers is intent on seeing construction of the new Surgical Intensive Care Unit, Recovery Room and Patient Care Services Pavilion begin in the near future by encouraging the kind of philanthropic support for which Vero Beach is so well known.

## SUSTAINING EAGLE PROGRAM SHOWS DRAMATIC GROWTH

Nancy and Dick Shoemate

Dr. Mark Malias, George Higgs, Don Tribus and Tom Flaherty

Marsha and Barry Reardon

Janet Baines, Spencer and Pat Standish

Shirley and Grahame Walker

Less than two years ago, the Foundation announced a new facet of *The Eagle Society* called Sustaining Eagles. These special Eagles provide leadership-level support to the Foundation, defined as \$10,000 or more cumulatively on an annual basis. To qualify, gifts may support any of the IRMC programs ranging from technology advancements to the Patient Advocates to nursing education and the \$50 million capital campaign to fund IRMC's master facilities plan. In 2009 119 Eagle Society members qualified for this distinction and, in just the last year, membership has grown dramatically to 154.

Sustaining Eagles are honored with an invitation to *An Evening in Your Honor* held in the private home of a Foundation supporter. This year Board

Treasurer Dick Shoemate and his wife Nancy kindly hosted the event in their beautiful new home on Gem Island, attended by more than 100 of our most generous donors. Additionally, Sustaining Eagles are invited to participate in a Circle of Care Health Fair, a private health screening held three times during season in the medical center offering such services as a comprehensive blood screening, dietary counseling, flexibility and exercise tips, and a hearing screening.

The Sustaining Eagle program emphasizes the importance of annual giving and is an enhancement to *The Eagle Society*, which offers progressive recognition at eight different levels based on a donor's cumulative lifetime giving.

21st Annual Swing for Health Golf Classic winning team Drew Hartline, Don Shropshire, Bill Scully and C. B. "Jack" Rogers

## SWING FOR HEALTH GOLF CLASSIC Foundation Golf Tournament Raises \$70,000 for IRMC

Indian River Medical Center Foundation held its 21st Annual Swing For Health Golf Classic on Dec. 6, with a sold-out field of 120 golfers, who enjoyed a beautiful day at Hawk's Nest Golf Club. The event raised more than \$70,000 to benefit Indian River Medical Center. Proceeds from the Golf Classic provide valuable funds necessary for special projects at the hospital supported by the Foundation.

The overall, low-gross winners of the tournament were Jack Rogers, Don Shropshire, Bill Scully and Drew Hartline. First place tournament winners in the non-handicap flight included Jeff Calvin, Hannah Wickman, Scott Butler and Devi Maharajh. Awards were also presented to Hannah Wickman and Drew Hartline for the longest drives and Hannah Wickman, Sue Detzel, George Mekras and Bob Bruechert for closest to pin on two holes.

Indian River Medical Center Foundation is dedicated to supporting capital improvements and special projects at IRMC. The Foundation's current top priority includes funding a new recovery room (Post Anesthesia Care Unit) and Surgical Intensive Care Unit.

Tournament chairs Dr. Bill Cooney and Sam Murdough with IRMC President/CEO Jeff Susi at the award ceremony in Hawk's Nest clubhouse after play

IRMC's new High Definition Endoscopy Camera offers medical staff the latest in technology to care for patients

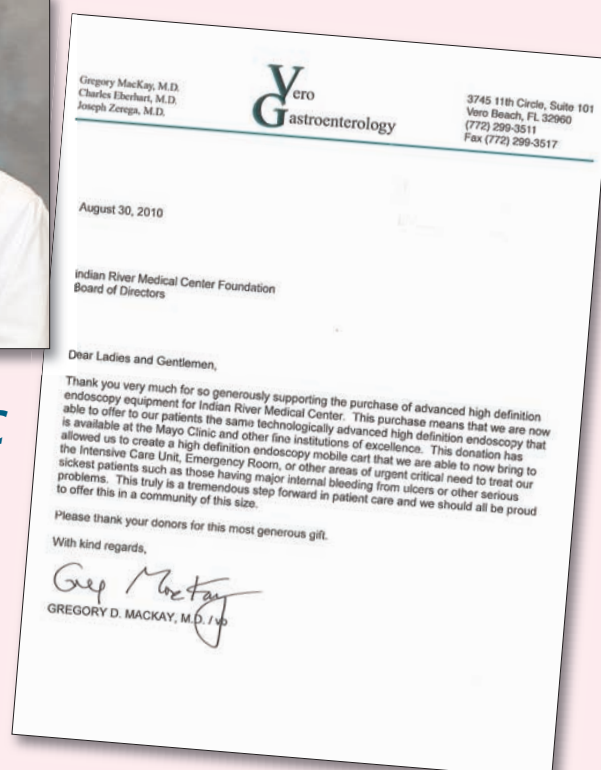

Gregory MacKay, M.D.

## Donors Advance Endoscopy Capabilities at IRMC

In its quest to provide the highest caliber of healthcare available to the members of our community, IRMC frequently seeks support from the Foundation to advance its technology for diagnosis and treatment of a wide variety of conditions.

One of the medical center's requests in the last year was presented by Dr. Gregory MacKay, Gastroenterology, to the Foundation Board of Directors in April 2010. The Board unanimously supported the request for a mobile High Definition Endoscopy Camera to be used in multiple locations within the hospital, including the Emergency Department and Critical Care.

The Foundation takes great pride in being able to provide enhancements to patient care for our entire community, thanks to the generosity of our donors.

## The 21<sup>st</sup> Century Campaign for INDIAN RIVER MEDICAL CENTER

If you do not see your name listed among the campaign supporters, please remember this list only includes donors making gifts up through September 30, 2010.

All listings reflect the wishes of our donors and sponsors at the time the gifts were made. Every effort has been made to assure accuracy. However, we apologize for any errors. Please inform us of any corrections by calling the Foundation at 772.226.4953.

### The 21<sup>st</sup> Century Campaign

**Thank you** to the following donors who have supported the Foundation with a gift or pledge of \$100 or more to **The 21<sup>st</sup> Century Campaign for Indian River Medical Center** through September 30, 2010. Donors who are members of **The Eagle Society** are noted with a caret (^).

## Thank You for Your Continued Support!

All listings reflect the wishes of our donors and sponsors at the time the gifts were made. Every effort has been made to assure accuracy. However, we apologize for any errors. Please inform us of any corrections by calling the Foundation at 772.226.4953.

## IRA Charitable Rollover Extended!

As part of H.R.4853: Middle Class Tax Relief Act of 2010, the IRA Charitable Rollover has been extended through December 31, 2011. The bill permits tax-free distributions to charity from an Individual Retirement Account (IRA) for gifts up to \$100,000 per year per taxpayer age 70½ or older. Additionally, the bill allows individuals to make charitable transfers in January 2011 which will be counted as if they were made prior to December 31, 2010. For more information about gifting from your IRA to support Indian River Medical Center, call **Murray Fournie at 772-226-4951** or email [murray.fournie@irmc.cc](mailto:murray.fournie@irmc.cc).

### How to make a gift from an IRA:

1. Contact your IRA plan administrator
2. Request gift be made *directly* to:  
**Indian River Medical Center Foundation**  
 Tax ID: 59-0760215  
 1000 36th Street, Vero Beach, FL 32960  
 Phone: 772-226-4960
3. If this gift is for *The 21st Century Campaign*, ask the IRA plan administrator to note this in the memo section of the check being issued to Indian River Medical Center Foundation.

D/B/A INDIAN RIVER MEDICAL CENTER FOUNDATION (REGISTRATION #SC01482).

## "IRMC was our first choice for cancer treatment."

Rita and Bob Whiteman

"Last year, as we were getting ready to return to Vero Beach for the season, our urologist in New York gave us some bad news. Bob was diagnosed with prostate cancer. As donors we knew about the \$1.5 million Brilliance CT® Simulator that the Foundation had purchased for the IRMC Cancer Center. We never imagined how much this technology would mean to us personally.

Now more than ever, we are committed to continuing our annual support of the Foundation. It's remarkable when you look at the advancements at IRMC that the Foundation has made possible. Please join us in supporting IRMC. After all, you never know when you'll need our hospital."

To read the Whiteman's full story visit [www.irmcfoundation.org](http://www.irmcfoundation.org).

## For Your Good Health Emergency Room, Urgent Care or Primary Care?

Where should you go for medical care?

**W**hen accidents, incidents and illnesses arise, finding the best type of healthcare provider for your needs can be tricky.

If you sprain your ankle during a weekend soccer game, should you go to the emergency room? Can your primary care physician treat accidental poisoning? And what exactly is an urgent care center?

Indian River Medical Center offers a broad range of treatment facilities to accommodate your needs 24 hours a day, seven days a week. But to receive the best possible care, you need to make sure you're in the right place.

### So—when you need medical help, where should you go?

#### Primary Care Provider

Unless you are experiencing a life-threatening emergency, a primary care physician is the best place to start.

**What:** Primary care providers are physicians who deliver basic care for common illnesses. They are your first stop for most undiagnosed health concerns.

**When to go:** You should visit a primary care center for illnesses such as colds, flu and sore throats; minor injuries, aches and pains; or routine health exams.

You can schedule appointments with primary care providers during the week, and some may offer limited weekend hours. For a list of internists and family practice specialists on the staff of Indian River Medical Center, visit [www.irmc.cc](http://www.irmc.cc), or call IRMC's Physician Referral Line at 772.563.4764.

#### Urgent Care Center

If your primary care physician is not available and you need quick medical attention for a non-life-threatening problem, visit an urgent care center.

**What:** Urgent care centers have similar resources to primary care facilities, but they provide comprehensive quality care on a walk-in basis with extended hours.

**When to go:** Go to an urgent care center when you need immediate medical attention or have non-emergency health concerns after hours. Examples include ear infections, sprains, simple cuts and burns, and eye injuries.

Indian River Medical Center has two 'walk-in' urgent care centers that are open seven days a week, 365 days a year. Also available at each site are Lab Express draw stations and outpatient digital X-rays—with no appointment necessary. Each location also includes a satellite office of the hospital's Medication Management (Coumadin) Clinic.

**IRMC Urgent Care Pointe West** is located in the Pointe West Medical Suites office building off Route 60 in Vero Beach, between 74th and 82nd Streets. Hours of operation are 8 a.m. to 8 p.m. Mondays through Fridays, and 9 a.m. to 5 p.m. on Saturdays and Sundays. 772.226.4250

**IRMC Urgent Care Sebastian**, located in the Sebastian Medical Suites building, next to Walmart on US1 in Sebastian, is open 8 a.m. to 7 p.m. Mondays through Fridays, and 9 a.m. to 5 p.m. Saturdays and Sundays. 772.226.4200

#### Emergency Department

Life-threatening emergencies and late-night trauma require an immediate visit to the hospital.

IRMC's Urgent Care Centers, located in Pointe West and Sebastian, are open 7-days a week and evenings Monday through Friday.

**What:** Emergency rooms offer emergency services, trauma services, access to inpatient care and more. Emergency clinicians are able to recognize, diagnose and make recommendations for a wide array of medical issues.

**When to go:** Call 911 or drive to the emergency department at your nearest hospital whenever conditions cause severe symptoms and/or put your health at serious risk. Examples include heart attacks, stroke, poisoning, severe bleeding and broken bones.

#### Indian River Medical Center's Emergency Services Department

is open 24 hours a day, seven days a week. The Emergency Department has three distinct patient care areas—the Acute Care area; the Clinical Evaluation Unit for patients first seen in Acute Care requiring additional testing or treatment to help determine if hospitalization is needed; and ER Express (formerly called Minor Care) that provides services and offers limited hours similar to the urgent care centers.
